HIS HIGHNESS MAHARAJA GAJSINGH II
JODHPUR - MARWAR
FOUNDER, PATRON-IN-CHIEF

H.H MAHARAJA GAJSINGH II
MAHARAJA OF MARWAR-JODHPUR

UMAID BHAWAN PALACE
JODHPUR 342006

It is with great fulfilment and a deep sense of pride that I share my message for the 2025 edition of the All India Marwari Horse Society's Souvenir. As Founder Patron, my commitment to the preservation of our rich cultural heritage—and especially the legacy of the Marwari horse — remains resolute.

The Marwari horse continues to captivate admirers across the globe. This is more than a symbol of Marwar-Jodhpur; it is a living embodiment of our values—valour, grace, endurance, and loyalty. Its noble bearing and unique form have rightfully earned it a place of honour not only in our traditions but now increasingly in global equestrian consciousness.

The 2025 Souvenir is both a celebration and a call to action. It reflects the dedicated efforts of the Society, breeders, and enthusiasts who work tirelessly to promote, preserve, and protect this exceptional breed. From progress in registrations to greater public awareness and technological strides, the journey of the Marwari horse is one of both revival and evolution.

As we cherish its past and embrace its future, let us continue our shared commitment — to conserve its heritage, celebrate its beauty, and ensure it thrives for generations to come.

With warm greetings and deep appreciation to all who continue to champion this noble cause.

H.H. MAHARAJA GAJSINGH II OF MARWAR-JODHPUR.

Founder Patron, All India Marwari Horse Society (AIMHS)
Marwari Horse Stud Book Registration Society of India (MHSBRSI).

HER MAJESTY THE QUEEN
UNITED KINGDOM

YUVRAJ SHIVRAJ SINGH

UMAID BHAWAN PALACE
JODHPUR 342006

My greetings and congratulations to all members, office-bearers and supporters of the All India Marwari Horse Society. I am delighted; it is inspiring to see and share the continued growth of our mission—not just in Marwar, but now virtually across all of India.

The Marwari Horse, our identity and pride, stands at last poised on the brink of broader national and international recognition. A story of resilience, nobility, and unmatched elegance, it showcases not only the remarkable work being done in conservation and registration, but also the collective spirit of our community, united by a love and reverence for this extraordinary breed.

Let us continue this momentum.

Shivraj Singh

Yuvraj Shivraj Singh
CHAIRMAN
All India Marwari Horse Society
Umaid Bhawan Palace, Jodhpur

EDITORS DESK

The Marwari horse remains a timeless emblem of strength, grace, and legacy—its relevance undiminished, its charm ever-growing.

The 2025 edition of the AIMHS Souvenir marks another chapter in the ongoing renaissance of this remarkable breed. This year has seen continued momentum in stud book registrations, deeper engagement from breeders and owners, and the growing success of our digital platforms—making the Marwari horse more accessible to a wider, younger audience.

It is also heartening to see the Marwari horse take centre stage at events and shows, inspiring new generations and captivating audiences who may be discovering this equine marvel for the first time. From the sands of Marwar to the arenas of the future, this breed's journey is one of beauty, heritage, and renewed purpose.

We owe a special debt of gratitude to Bapji Hukum, His Highness Maharaja GajSingh II of Marwar-Jodhpur, and Yuvraj Saheb of Jodhpur for their unwavering support, visionary leadership, and enduring commitment to this noble cause. Their steadfast guidance continues to elevate the work of the Society and fuel the collective pride we all share in this noble breed.

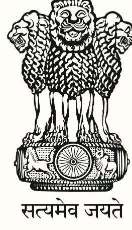

To our community of breeders, owners, and enthusiasts—thank you for your faith, your passion, and your continued love for the Marwari horse. Here's to another year of growth, connection, and celebration.

संदेश

मुझे यह जानकर प्रसन्नता हुई है कि 'द ऑल इण्डिया मारवाड़ी होर्स सोसायटी' द्वारा 10वें मारवाड़ी अश्वोत्सव 'मारवाड़ी होर्स शो-2025' का आगामी 1 एवं 2 फरवरी, 2025 को जोधपुर में आयोजन किया जा रहा है। इस अवसर पर आप एक स्मारिका का प्रकाशन भी कर रहे है।

हमारे वैदिक साहित्य में अश्व का अर्थ यह अखिल विश्व है। पुराणों में आता है, सूर्य के रथ को सात अश्व खींचते है। इसी से जग प्रकाशमान है। मारवाड़ी अश्व घोड़ों की दुर्लभ नस्ल है। राजपूताने के इतिहास से इसका नाता रहा है। सुखद है कि साहसिक खेल आलोक में आपकी संस्था इसके लिए कार्य कर रही है।

मेरी हार्दिक शुभकामनाएं है।

CHIEF MINISTER
RAJASTHAN

MESSAGE

I am delighted to learn that the *All India Marwari Horse Society* is publishing a *'Souvenir 2025'* on the occasion of the *Tenth Marwar Horse Show-2025 in Jodhpur*. This publication will showcase the society's activities and accomplishments.

The Marwari Horse, with its qualities of loyalty, bravery and historical significance, is a true symbol of India's rich equestrian heritage. Preserving and celebrating this treasured aspect of our culture requires sustained effort, always with the highest regard for animal welfare. The All India Marwari Horse Society's commitment to the preservation and promotion of this indigenous breed is commendable. Through initiatives such as Marwari Horse shows and cultural exhibitions, the Society has played a pivotal role in showcasing the breed's unique qualities.

I am confident that the Society's dedication to the marwari horse's legacy and its well-being will play a significant role in advancing Rajasthan's rich equestrian tradition. I believe the publication of Souvenir-2025 will serve as a valuable platform for promoting the exceptional qualities of the Marwari Horse, further enhancing its recognition both nationally and internationally.

I extend my best wishes for the successful publication of the 'Souvenir 2025' and organisation of the Tenth Marwar Horse Show-2025.

DIYA KUMARI
DEPUTY CHIEF MINISTER

It is a matter of great pride that the All India Marwari Horse Society continues its dedicated efforts in preserving and promoting the rich legacy of the Marwari horse an enduring symbol of Rajasthan's valour, heritage, and pride.

Through its various initiatives, including horse shows, endurance rides, and competitions at prestigious fairs like Jodhpur, Pushkar, and Tilwara, the Society has played a crucial role in safeguarding this magnificent breed while fostering its growth and recognition at both national and international levels. The establishment of the Marwari Horse Stud Book Registration Society of India marks a significant milestone in the conservation and structured documentation of the Marwari breed.

Such progressive steps will protect the Marwari horse's historical significance and contribute to its sustained evolution in the modern equestrian landscape. I congratulate the All India Marwari Horse Society for its commitment and contributions. This Souvenir-2025 will certainly serve as a valuable testament to the Society's dedication.

पूर्व सांसद (राज्य सभा)

स्वदेशी अश्व प्रजातियों में सबसे सुन्दर कद, काठी एवं सुन्दरता के लिए विश्व प्रसिद्ध मारवाड़ी घोड़ा वर्षों पूर्व भारत सरकार के पशुपालन मंत्रालय द्वारा विलुप्त होने वाले पशु की श्रेणी में घोषित हो चुका था। उस विकट परिस्थिति में जोधपुर के महाराजा साहिब श्री गजसिंह जी साहिब ने इस विलक्षण विशेषताओं वाले अश्व का संरक्षण, संवर्धन एवं विकास का संकल्प लिया। परिणामस्वरूप इस अश्व को बचाने के लिए मारवाड़ी हॉर्स सोसायटी का गठन किया गया। इस सोसायटी के तत्वाधान में 'मारवाड़ हॉर्स शो' के अभिनव प्रयोग द्वारा अश्वपालकों को प्रोत्साहित किया। इस अश्व के चरित्र चित्रण करने हेतु कई गोष्ठियों एवं सेमिनार उम्मेद भवन में आयोजित करवा कर इस ब्रीड की विशेषताओं को अतिम रूप प्रदान करवाया।

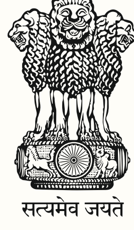

इतना ही इसकी पेडिग्री की विधिवत् एवं स्थायी रिकॉर्ड तैयार हो, इस हेतु कई कठिनाइयों के बावजूद मारवाड़ी हॉर्स स्टड बुक रजिस्ट्रेशन सोसायटी ऑफ इण्डिया का गठन करवाया गया। इस सोसायटी के तहत स्टड फार्म, स्टेलियन एवं उनकी संतति का स्थायी रिकॉर्ड तैयार किया जा रहा है।

यदि एक लाईन में कहूँ तो आज फलता–फूलता यह मारवाड़ी अश्व विश्वपटल पर जो पहचान बना पाया है उसके पीछे केवल एवं केवल हिज हाईनेस महाराजा साहिब जोधपुर की व्यक्तिशः रूचि एवं मेहरबानी है। मैं इस घटनाक्रम का प्रत्यक्षदर्शी हूँ।

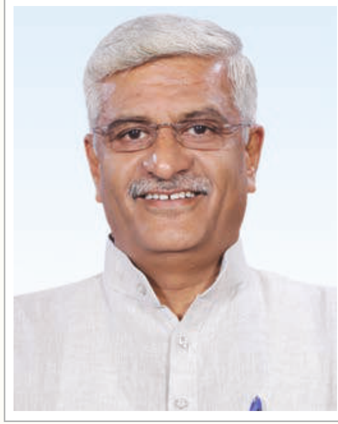

अब हम अश्वपालकों की जिम्मेवारी है कि हम इस नायाब जानवर को कैसा बनाते हैं?

MINISTER OF TOURISM
GOVERMENT OF INDIA

It gives me immense pride and joy to extend my heartfelt greetings to the All India Marwari Horse Society on the occasion of the Tenth Marwar Horse Show - 2025 and the publication of its annual souvenir.

The Marwari horse is not just a breed-it is a living symbol of Rajasthan's gallant history, enduring spirit, and rich cultural legacy. The Society's relentless efforts to preserve and promote this near-extinct indigenous breed are commendable and deserve every support and recognition. By fostering national and international awareness, organizing development programs, endurance rides, and stud book registrations, the Society is ensuring that the legacy of the Marwari horse is not only preserved but carried forward with renewed pride.

As the Minister of Cultureand Tourism, I believe this initiative not only protects a vital part of our heritage but also enhances our equestrian tourism potential. I congratulate all the members of the Society, patrons, breeders, and enthusiasts for their dedication and commitment. May the Marwari Horse continue togallop into the hearts of generations to come.

Warm wishes for the success of the Souvenir - 2025 and the grand celebration of the Marwar Horse Show.

MESSAGE

I am glad to learn that All India Marwari Horse Society is bringing out a Souvenir to project its activities and achievements on the occasion of Marwari Horse Show - 2025 on 1-2 February, 2025 at Jodhpur.

Marwari horses are well known for their endurance, elegance and majestic look. However, it is a matter of distress that the breed is being diluted by illicit crossbreeding with exotic breeds to increase the height of the animals, leading to a challenge to preserve true to the type animals of the breed. However, in its endeavour to support the stakeholders, the ICAR-National Research Centre on Equines has been working towards characterization and conservation of the Marwari and other indigenous breeds of horses by employing the molecular tools. The Centre has also perfected the frozen semen technology and has transferred it to the willing entrepreneurs. Recently, the centre has also standardised the embryo transfer technology in horses. The technical support provided by ICAR-NRCE will certainly be helpful in the development of this breed in the country.

The dedicated efforts of All India Marwari Horse Society to promote, popularize and conserve true-to-breed Marwari horses at national and international level deserves great appreciation.

I wish a grand success of the Marwari Horse Show-2025.

ALL INDIA MARWARI HORSE SOCIETY 2024

The IX Marwar Horse Show was held on 03rd and 04th February 2024 at the Maharaja Gajsingh Sport Foundation Polo Ground under the aegis of the All India Marwari Horse Society and Marwari Horse Stud Book Registration Society of India.

The horse shows are held to promote, popularize and up bring this beautiful Marwari Breed.

The All India Marwari Horse Society's endeavor is to protect and uplift the Marwari breed of Horse, which is our heritage and the most important indigenous horse breed famous for its loyalty, bravery and appearance. The horses Chetak of Rana Pratap and Arbud of Durga Das are pride of Indian History. Our efforts are to highlight the qualities of the breed and popularize the Marwari Horse in Nation and Internationally.

All India Marwari Horse Society Registered under section 12A of Income Tax Act 1961.
Donations exempted under section 80G of Income Tax Act 1961.

By Kr. Inderjeet Singh Nathawat
Secretary General

In the previous shows the competitors and spectators had desired to have more number of participants and events in Equestrian Sports. During the 9th Marwar Horse Show 2024 apart from Class Judging we introduced the sports oriented events like Show Jumping, Dressage, Tent Pegging, Hacks and Obstacle ride ladies and open. A very impressive performance was given and the breeders, horse owners and spectators much appreciated.

In the events like show Jumping, Tent pegging, Dressage, Obstacle Ride and Gigs driving, the entries were good much more interest and enthusiasm was observed in the participants.

The show was inaugurated at 9:30 AM on 03rd February, 2024 by His Holiness Acharya Shri Ghanshyam ji Maharaj in the presence of His Highness Maharaja Gajsinghji of Marwar-Jodhpur, His Highness Maharana Riddhiraj Singhji of Danta, Dr. Narayan Singhji Manaklao Padam Shri Padam Bhushan Ex. MP Rajye Sabha, Col. Girendra Singhji Dakhan, Maj. Gen. Narpat Singhji Rajpurohit VSM, (Retd.) and Distinguished guests from Europe, from Jodhpur and from many parts of Rajasthan and other States were present.

On second day 04th February 2024 at IXTH Marwar Horse Show-2024 Chief Guest His Highness Maharaja Gaj Singhji of Marwar-Jodhpur and His Highness Maharana Riddhiraj Singhji of Danta distributed prizes to the winners.

The Marchpast by Marwari Horses from Marwar Stud owned by His Highness Maharaja Gaj Singhji Marwar-Jodhpur, Jaisa Stud Ransigaon, Kelwa Stud Rajsamand, Nimbera Stud Jodhpur, Jaswant Stud Peeh, Pal Ashvashaala Jodhpur, Johar Stud Farm, Umed Nagar, Villashwar Stud, Manda Stud Farm, SSK Stud Farm, Hukumgarh Stud, Hameer Stud, KC Stud Hanumangarh, Nasik Stud, Jai Rewat Stud Narlai, Jodha Stud Narlai, Rania Stud Farm Punjab, DS Stud Farm Ahmadabad, Bhomiya Sa Stud Farm and Gandhi Stud Farm Ahmadabad displayed there horses.

Four bands from Mehrangarh Fort, the Army Pipe Band, Police band and Sunder band played Melodious tunes during the Marchpast, folk dancers, drumbeaters and trumpeters added to the charm of Marchpast procession.

The endeavor of All India Marwari Horse Society to develop, promote the Marwari Horses is achieving its aims steadily and popularising the Marwari Horses in nation and internationally.

The pavilion was full to its capacity, the young students of Rajmata Krishna Kumari Girls School and students of Mayoor Chopasani School came to witness the inauguration ceremony.

The entries were in good number as given under. The quality of horses in each competition was very good.

The entries were in good number as given under. The quality of horses in each competition was very good.

H.H. MAHARAJA HANWANT SINGH MEMORIAL RIDE

40 KMS NATIONAL QUALIFIERS AT SAR-SARECHAN VILLAGE ON 22ND NOVEMBER 2024.

H.H. Maharaja Hanwant Singh Memorial Endurance Ride (National Qualifiers) 40 Kms at Sar-Sarechan Village was held on 22nd November 2024 at Sar-Sarechan Village by Jodhpur Polo & Equestrian Club Institution under the aegis of Equestrian Federation of India.

Maharaja Jayendra Pratap Singhji of Balrampur (U.P.) supported Jodhpur Polo & Equestrian Club Institution and All India Marwari Horse Society to organize Endurance Race at Sar-Sarecha.

Endurance Race a thrilling display of both equine athleticism and human horsemanship. the track on which the race unfolded was not near path ways but carefully crafted courses design to Challenge both horse and rider, while prioritizing their safety and well-being.

Track had diverse landscapes, ranging from strolling desert including rocky trails, Sandy stretches.

Each loop was of 20 kilometres, after every loop all the horses were examined thoroughly and they were permitted to go further after horse was declared fit by the veterinary panel, every horse was given 20 minutes to recover, if any horse found unfit after 20 Minutes of rest was eliminated.

Total 64 riders participated and 58 qualified.

Officials for the event were:

- Col. Bharat Singh Rathore SM - Technical delegate EFI
- Shri Rohan More - Technical delegate EFI
- Shri Nirav Patel - Technical delegate EFI
- Kr. Inderjeet Singh Nathawat (OC)
- Kr. Raghvendra Singh Indroka (OC)
- Dr. Mahendra Singh Rathore -President Technical Vet

BAL SAMAND LAKE PALACE

JODHPUR

Bal Samand Lake Palace was historically the Monsoon Palace and housed the Royal family's stables, a tradition that continues to this day. The first rains in Jodhpur bring the Royal family to Bal Samand for a celebration.

Bal Samand Lake Palace is romantic and indulgent. It has two sections-one of which is a beautiful palace of red sandstone with ornate Rajput architecture overlooking the stunning 12th-century lake carved out of solid rockery, credited to Maharaja Jaswant Singh I. Interestingly; it is recorded as India's first artificial lake.

Preparing & Presenting THE MARWARI HORSE in the Show Ring

TH. ANANT SINGH RATHORE - KELWA

Gone are the days when an unprepared horse could enter the show ring and win. Today, with so many horses approaching ideal standards, proper preparation has become essential. Correct handling can make the difference between winning and not placing at all.

Golden Tips

1. Age Requirements for Different Categories
2. Risks – Travel and Disease Prevention
3. Arriving at the Fairgrounds
4. Grooming – Horse Care
5. Training
6. Showing

1. Age Considerations.

Age is a critical factor when presenting your horse in the show ring, especially for young colts and fillies. For a milk-teeth colt or filly, we recommend participants be at least 25 months old. For a two-teeth horse, 35 months is ideal. Mares should be around 7 years old, with experience in delivering at least twice. Stallions should ideally be shown between the ages of 7 and 15, after which competition is not recommended.

2. Arriving at the Fairgrounds.

Arriving at the fairgrounds early is crucial. Aim to reach two days before the event to allow your horse to acclimatize to the surroundings. This time will help them adjust to new sounds, other horses, and the general atmosphere, ensuring they are calm and ready to perform. Take them for daily walks in the morning and evening to help them prepare. Marwari horses are particularly sensitive, so this adjustment period is essential for their well-being.

3. Risks During Travel.

When traveling with your horse, it is important to be cautious and minimize risks. Maintain a slow speed when transporting them, and secure protective pads around their legs to prevent injuries. Allow your horse frequent rest stops to urinate, eat, and avoid dehydration.

Carry essential medical supplies, and have a vet on call in case of emergencies. Bring enough feed and dry fodder to last until you return home. To prevent diseases, do not change the horse's diet. Start giving liver tonics a week before travel and continue for seven days after returning home. A month before the show, have blood samples tested for parasites and treat them at least 20 days before leaving for the event.

4. Grooming.

Grooming is critical when preparing for a show. Groom your horse thoroughly in the morning and evening to ensure their coat is shiny and healthy. Trim extra hair from the mane, tail, and legs, and trim the hooves 20 days before the show, as he might get lame he will recover in time, also file the hooves a little before leaving for the show. Clean the hooves properly and, if necessary, fit them with shoes. Start grooming and hoof care at least seven days before the show to allow the horse to recover from any minor adjustments. Good grooming and care, along with a well-maintained hoof, are essential for a winning appearance.

KR. NAGENDRA SINGH &
KR. AMIT VIKRAM SINGH – JOJAWAR

5. Training for the Show.

Training a Marwari horse is a must, especially in a competitive environment. Begin training young horses at least six months before the show. Even for well-trained horses, prepare them specifically for the show by taking them on walk on long reins and developing their top line. Train them to walk on a halter or bit and involve the person who has trained them at home during the showing process.

During the show, it's important to have both the handler and a trainer or groom to present the horse. Teach your horse to stand still with touching the tips of the ears, keeping high head carridge with properly arched neck, without moving, while the judges are evaluating them. Avoid letting your horse come too close to other horses, as this can cause distractions or even fights, which could negatively affect their performance.

6. Presentation in the Ring.

Showing a horse is an art, beginning with the owner, then the trainer, and finally the handler. The goal is to bring out the horse's best qualities—its beauty, elegance, and alpha-like presence, especially for stallions. A Marwari horse should stand tall and proud, displaying its dominance and grace while maintaining a calm demeanor.

When your horse wins, he should be trained to stand confidently as photos are often taken at this moment. Stay alert and pay attention to the judges throughout the competition, ready to showcase your horse's best traits at the right time.

If your Marwari wins a significant competition, there's no need to enter it into more shows of the same category. A winner remains a winner for life. Avoid putting the horse at risk by overexposing it in too many events. Instead, place it on display as a symbol of excellence. Focus on consistent training and care to maintain your horse's status as a champion.

By following these steps, you will ensure that your Marwari horse performs its best and stands out in any competition.

JUDICIOUS USE OF ANTIBIOTICS IN HORSES

R.K.DEDAR, T.R.TALLURI, M.KUTTY, S.C.MEHTA AND T.K.BHATTACHARYA

ICAR NATIONAL RESEARCH CENTRE ON EQUINES,
EQUINE PRODUCTION CAMPUS REGIONAL STATION BIKANER

Dr Ramesh Kumar Dedar
Principal Scientist (Veterinary Medicine)

Antibiotics are substances or compounds that kill or inhibit the growth of bacteria. They are typically used to treat bacterial infections by targeting specific bacterial processes, such as cell wall synthesis, protein production, or DNA replication, without significantly harming the host organism. Antibiotics can be naturally produced by microorganisms (e.g., penicillin from the fungus Penicillium) or synthetically manufactured.

Antibiotics have revolutionized veterinary medicine, offering effective tools to combat bacterial infections in horses. However, their widespread and often indiscriminate use has led to significant challenges, including antibiotic resistance, adverse health effects, and unintended consequences for equine populations. In horses, the judicious use of antibiotics is critical to minimize risks such as the development of colitis and typhlitis, laminitis, joint cartilage damage in growing animals, colitis in mares secondary to foal treatment, and the emergence of fungal infections. This essay explores these issues and advocates for a balanced, evidence-based approach to antibiotic administration in equine practice.

(A) Antibiotic Resistance: A Growing Threat

One of the most pressing concerns in equine medicine is the rise of antibiotic-resistant bacteria, driven by overuse and misuse of these drugs. Horses, like other species, harbor bacteria that can develop resistance when exposed to antibiotics unnecessarily or at subtherapeutic doses. For example, multidrug-resistant strains of Escherichia coli, Salmonella spp., and Staphylococcus aureus have been documented in equine populations, posing risks not only to individual animals but also to herd health and, potentially, human caregivers. limiting antibiotics to cases with confirmed bacterial infections, selecting appropriate drugs based on culture and sensitivity testing, and adhering to correct dosages and durations—helps slow the spread of resistance. Veterinary practitioners must weigh the benefits of treatment against the long-term implications for equine and public health. In India also many farmers are using rifampicin and azythromicin for prevention of rhodococcus equi pneumonia in horses this may increase in resistance in Rhodococcus equi to the rifampin and erythromycin.

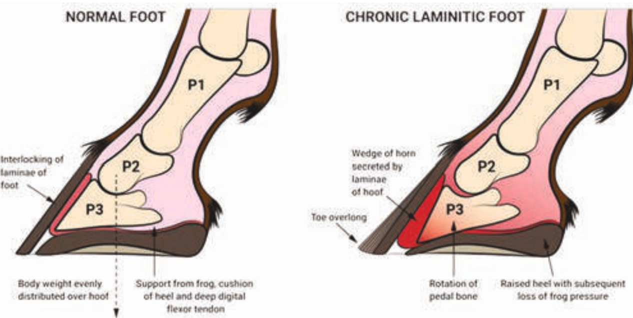

Colitis is one of the important causes of mortality in horses. Horses are particularly susceptible to gastrointestinal disturbances due to their sensitive hindgut microbiome. Antibiotics, especially broad-spectrum agents like **ceftriaxone salbactum** and **norfloxacin** can disrupt the balance of gut flora, leading to colitis (inflammation of the colon) or typhlitis (inflammation of the cecum). Oral use of broadspectrum antibiotics must be avoided in horses over one year of age. **Author has observed history of oral use of azythromicin, norfloxacin, amoxacillin in adult horses which were died due to** acute colitis. Even the mother of the foals which are under treatment for *Rhodococcus equi* are prone to the development of colitis. Disruption of gut microflora often results from the overgrowth of pathogenic bacteria, such as *Clostridium difficile or Salmonella spp*., following the suppression of beneficial microbes. Clinical signs, including diarrhea, dehydration, and systemic toxemia progresses rapidly and leading to death.

Sudden onset of watery diarrhoea, colic and total leucocyte (white blood cells/WBC) count below 3.0 thousand per cubic mm is often indication of colitis. To mitigate these risks, antibiotics should be administered only when necessary. Frequency of defecation and consistency of faeces of horse should be monitored during treatment with any of the antibiotic even with any of the drug, on onset of any sign of diarrhoea antibiotic treatment should be stopped immediately.

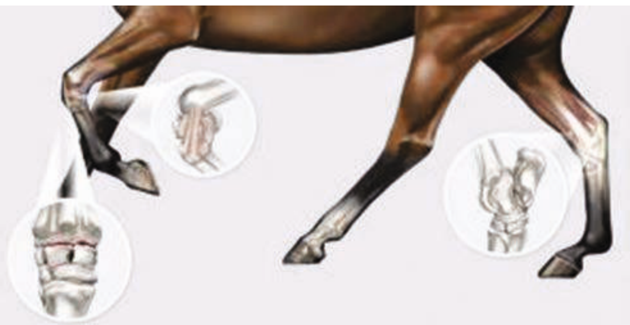

(C) Laminitis: An Indirect Consequence

Laminitis, a painful and potentially debilitating condition affecting the hooves, is another concern linked to antibiotic-induced gut dysbiosis. The altered microbial environment in the hindgut can lead to the release of endotoxins or other inflammatory mediators, triggering systemic inflammation that compromises the lamellar tissues of the hoof. Horses with a history of laminitis or metabolic conditions, such as equine metabolic syndrome, are at heightened risk. Judicious antibiotic use, coupled with careful monitoring of diet and hoof health during treatment, can reduce the likelihood of this secondary complication. Avoiding unnecessary prolonged courses of antibiotics is a key preventive strategy.

(D) Joint Cartilage Damage in Growing Horses

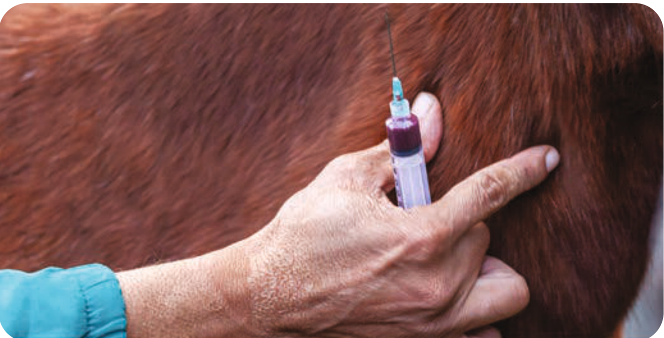

In young, growing horses, certain antibiotics pose a specific risk to musculoskeletal development. Fluoroquinolones, such as enrofloxacin, are known to cause cartilage damage in weight-bearing joints of juvenile animals. This adverse effect stems from the drugs' interference with cartilage matrix synthesis, leading to lesions that impair joint function and predispose horses to lameness later in life. While fluoroquinolones may be effective against certain infections, their use in foals should be restricted to cases where no safer alternatives exist, and only under strict veterinary oversight. This precaution underscores the need for age-specific considerations in antibiotic therapy.

(E) Fungal Infections: An Opportunistic Risk

Prolonged or broad-spectrum antibiotic use can suppress normal bacterial flora, creating opportunities for fungal overgrowth. In horses, this may manifest as mucocutaneous candidiasis, respiratory fungal infections, or systemic mycoses, particularly in immunocompromised animals. For instance, antibiotics may predispose horses to Aspergillus or Candida infections, which are difficult to treat and often require antifungal therapy with its own set of challenges. Repeat breeder mare given indiscriminate antibiotics for suspected bacterial infections may develop fungal growth in the uterus. Preventive measures include shortening antibiotic courses when possible, using narrow-spectrum agents tailored to the infection, and monitoring for signs of fungal involvement, such as nasal discharge or skin lesions.

(F) Strategies for Judicious Use

To address these multifaceted risks, veterinarians must adopt a stewardship mindset. Diagnostic tools, such as bacterial cultures and susceptibility testing, should guide antibiotic selection rather than relying on empirical treatment. Dosages and treatment durations should align with evidence-based guidelines, avoiding both under- and over-treatment. Supportive therapies such as anti-inflammatory agents and nutritional management, can complement antibiotics and reduce adverse effects. Such as in urinary tract infections pH change of urine by oral administration of ammonium chloride (Nausadar) can clean the infection without using antibiotics, because many bacteria are very sensitive to the pH change. Horse owners must understand the importance of compliance and the dangers of requesting antibiotics without veterinary justification.

ARE CHAMPION HORSES BORN, MADE OR IS IT A CHOICE

An animal communicator's perspective

By Suzy Godsey

To horse enthusiasts, the breeding and lineage of horses can be highly fascinating. Especially if the parents are prize-winning racehorses or champions in their field, we will delve into the genetics of the father and mother, expecting the foal to turn out like them.

Of course, an impeccable bloodline is no guarantee of success. Just like any athlete, some animals enjoy certain sports while others might prefer a different activity. It doesn't always go by their genetics. More often, success depends on the choices your animal is making. Discovering this choice is the first step to getting the most out of your horse.

A horse with an equine bowed tendon

Some horses have a lot of fun running on the racetrack. Their joy is clearly evident in their athleticism and the effortless ease they display when racing. And I have also seen the opposite.

A lady who owned a racehorse contacted me after it developed an equine bowed tendon. (This is where the horse's tendons become torn or damaged and then curve outward when they heal, like a bow.)

Animal communication isn't always clear-cut, but in the case of this particular mare, the message was loud and clear. She didn't want to continue racing. She wanted to do dressage instead.

'I cannot promise that your owner will give you a different choice,' I told the horse. Nevertheless, we worked together energetically, and within two days this horse was sound again, which is supposedly not possible with bowed tendons.

From my perspective, forcing a horse to do something it doesn't like can get really difficult. In this regard, animals are similar to us. Not everyone can be an elite athlete or brilliant at business, no matter who their parents are!

Learning from horses

I worked with another lady who really wanted her horse to be a jumper and enter competitions. Unfortunately, the horse was lame a lot of the time. When I asked her, 'Does your horse like to jump?' She kept saying, 'Yes, yes!' but the horse was telling me a different story.

This lady had bought the horse to be a jumper and wasn't prepared to give up on her dream. It took three years for her to recognize that her horse desired a different activity. Eventually, though, she chose another animal and gave her original horse to a younger girl for basic trail riding and simple dressage. Not only did that horse become happier, but it also wasn't lame again.

If we were willing to listen to animals and ask them questions like, 'Would you have fun running on the racetrack? Do you like to jump?' it would save time, energy and money. Consequently, if our desires aren't in sync with a particular animal, we could choose another one. Forcing a horse to live up to our expectations tends to be a losing battle. This is where energetic communication is a useful tool and well worth cultivating.

What is energetic communication?

Animal communication is based on energetic awareness which all of us have. You might call it intuition or gut feeling. After working with hundreds of people and their animals, I've discovered that everyone knows when something is off-kilter with their animals. We perceive a sense of unhappiness or despair from a horse that isn't doing what it would like or is asked to more than it can deliver.
So, if you are interested in becoming your own horse whisperer, here are some beginning tools.

1
Honesty is the best policy

The first step is to recognize when something is up with your animal. For example, if your horse keeps being lame, has colic, or is not physically sound and the vet cannot find a definite cause, look deeper. Literally ask the animal, what's up? What would you like? Does something need to be changed?

Another clue could be unexplained behavioral issues. Let's say your horse is willing to go for you but then suddenly becomes obstreperous or starts bucking. Rather than rush to a conclusion, delve into what is going on by starting an energetic conversation.

#2
Be present with your animal

Now a horse won't talk to you like a person, yet their energy is a vocabulary that you can receive provided you get present with them. Presence has a sense of quiet and spaciousness. You don't allow thoughts to crowd your head. Instead, you become almost empty-headed. Once you find a way of becoming still, actively listen for the whispers of energetic communication.

A horse and rider must be able to trust each other and the more we are present with our animals, the more they trust us. Conversely, acting forcefully or trying to dominate your horse into obedience has the opposite effect.

#3
Develop trust

Horses are flight animals, which is why it's important to be present with them. Every little noise, every unknown thing can frighten them. As a species, horses have journeyed alongside mankind for thousands of years, yet we still have to develop trust on an individual basis. Horses look at us as the leaders and it's up to us to demonstrate the capacity to safeguard and protect them. In every moment, we must show our horses that we have their back.

How else do you develop trust? Be willing to trust yourself even if you make a mistake. True leaders don't hold on to righteousness. If you're working with an animal and make a mistake, what if you were also willing to apologize?

#4
True leaders are willing to learn

A rider who is willing to see the horse's brilliance (without needing to control their every movement) will create an unbelievable bond with them, an intertwinedness with no separation.

People who have incredible horses — brilliant champions — often say their horse teaches them things. They acknowledge their horse was born with an innate ability. All they had to do was tickle that out of them. With a truly great horse, oftentimes the rider also learns from them.

If you are fortunate enough to have a very brilliant horse, be willing to get out of the way. Let the horse lead sometimes. Otherwise, that horse could be held back by. Unfortunately, as people we think we must do it all and are not willing to let another take the lead.

#5
Accelerating with your horse

How do you become a greater rider? Participants in our Conscious Horse Conscious Rider clinics often ask this question. To me, a great rider is a person who is willing to work with each and every horse in a different way. They never use power over the horse or force their horse to stick to a foregone plan. Rather, they will assess, refine, and question each step of the way: what does this particular horse require from me in order to accelerate?

#6
Clarity of purpose

Horses go by our physical cues but they also are aware of our headspace. When you are acutely clear about what you desire to accomplish, your mental and physical cues are congruent and easy for the horse pick up.

Let's say you are training your horse to lunge. In that moment be very clear about what you are asking for, which is to go around in a circle. If the horse doesn't get it, don't decide they are too stupid. Ask them, Do you know what I'm asking you for? Do you know what I want?

Horses want to please us but if the instructions are muddled or you are distracted by other thoughts, your animals will become confused. In such a situation, how could you get your message across with ease? What energy could you be with your horse?

Incidentally, these energetic conversations improve our interpersonal communication with people as well, as we learn to be clearer with each other!

As you can see, genetics is only one aspect of getting the most out of your horse. By using these additional tools to develop trust and empower your animal, they — and you — will accomplish far more than you ever imagined possible.

About Suzy Godsey

Suzy Godsey is a lead facilitator trainer for the 'Conscious Horse Conscious Rider' and the Talk to the Animals programs. Both are specialty classes offered by Access Consciousness, a worldwide movement for change. Suzy has a unique ability to listen to and learn from animals and share their way of seeing the world. In her desire to create more for animals, Suzy facilitates online and live classes for animal enthusiasts. What if learning to communicate with all things is the key to a greater life? Visit suzygodsey.com for more on Suzy's journey.

WHAT IS CONSCIOUS HORSE CONSCIOUS RIDER?

WHAT HAPPENS IN A CONSCIOUS HORSE, CONSCIOUS RIDER CLASS?

–Written by Alison Cox

I come across so many people that are scared of horses and have never ridden, or they rode when they were younger but they had a bad fall and they just don't trust themselves or the horses anymore.

In Conscious Horse Conscious Rider we empower riders to know that they know. To do this we facilitate riders to ask the horse they intend to mount "will you take care of me?" every time they get on a horse. We also facilitate riders to listen to the horse's reply and never get on a horse whose response is not yes, no matter what anyone else says. You can always find another horse. Many riders discover that any horse they came off previously was not going to take care of them that day, and it empowers them to trust them and to trust the horse, because a question will always empower, and the answer always disempowers. So ask your horse today and everyday, "will you take care of me?"

HOW TO GO BEYOND FEAR?

–WRITTEN BY ALISON COX

As a Conscious Horse Conscious Rider Certified Facilitator, I've seen how often fear shows up—not just in riders, but in the horses they're connected to. Fear is not wrong, but it's so often a limitation we've solidified as a way to protect ourselves. In truth, it's a conclusion that keeps us from growing, expanding, and experiencing the relaxation and communion that's possible with our horses. When we operate from fear, we unconsciously teach our horses to be timid too, rather than inviting them into trust and presence. What if fear wasn't something to fight or fix, but something to question? Ask yourself: Is this fear even mine? Am I actually scared, or am I excited? What decision have I made that's keeping me from seeing what's truly possible here? And perhaps most powerfully—before every ride, simply ask your horse, Will you take care of me? You might be surprised by the peace, connection, and confidence that begins to emerge.

KIDS AND HORSES

– WRITTEN BY DIANA WEINFURTOVA

Kids and many adults have not yet the need to wear a mask or pretend to be someone else than they are. There is a lot of simultaneous gifting and receiving and presence in the moment. We can learn a lot from kids interacting with animals. Especially that kids do not laugh at horses, they laugh with horses. And it´s an exuberant laughter that spreads joy around. I love seeing in my classes and when I was giving horse riding lessons as a trainer that often when parents and horse owners go away kids and horses really become themselves, blossom expand because they are not buried under projections, expectations and judgements.

For more about Conscious Horse Conscious Rider and our upcoming workshops around the world , reach out to us at www.conscioushorseconsciourrider.com

WHAT HAPPENS IN A CONSCIOUS HORSE, CONSCIOUS RIDER CLASS?

–WRITTEN BY ALISON COX

On my horse Angel's first day in Maryland, I was able to spend some time with her in the temporary stall and take her out for some ground work. We immediately connected as if we had known each other for many years. The farm manager asked to bring her to the paddock to introduce her to the herd. In less than a minute the other horses all started kicking and biting her. She started kicking and biting back, a behavior that she did not have at her old farm. This only lasted a few minutes as a gilding, Harley, jumped in and started to kick and bite to protect her. Their actions changed the position of the two existing alpha gildings and Harley became the alpha gilding and Angel became the alpha mare. Angel and Harley were willing to be and do whatever was required for their safety and be the leadership required for the success of the herd. A few month's later, Angel showed me how was willing to be the bait to manipulate other horses coming in from the field when their owners could not catch them. Angel normally does not move from what she is doing when she is leading the herd. It was so interesting to watch her interaction with an owner, his horse, and the other 13 horses who were just observing it all and not willing to move at all. She was also willing to be part of the negotiations and inspire the horses to do the same.

REPRODUCTIVE EVALUATION OF MARE

Main objective of the mare reproductive soundness or evaluation are to check reproductive abnormalities and to finalise potentials of the mare to conceive and carry foal up to full gestation period.

Basically, mare reproductive evaluations are categorised in 3 classes

1. Checking of non-pregnant mares prior to breeding season i.e. onset of February month.
2. In problem mares during the total breeding season i.e from February to November.
3. Barren mare are checked at the end of breeding season i.e. November mare with a history of embryonic loss, abortions and other reproductive problems are checked at any time.

Details of Examination procedure

(A) Identification: Mare should be identified regarding proper breed and all stud book registration records and photographs should be taken.

(B) History of Mare: A clear history of breeding mare should be checked before covering with a stallion

1. Present reproductive status (maiden, open, barren pregnant or foaling)
2. No mating during last season.
3. Date of last mating
4. Breeding procedure used (Arterial insemination, Natural cover or pasture breeding)
5. Number of stallions
6. Date of last foal
7. No of previous foals
8. previous history of abnormal estrous cycle, uterine infection, embryonic loss and abortion.

(C) Physical checking of mare: physical examination of mare should be done to check whether mare has capacity to conceive or carry foal up to true term. All other generalised body condition age with additional diet schedules to be checked.

(D) Perineal conformation: The vulva (external genitalia should be checked for conformation and tone. There should be optimum perineal muscular tone of the vulva should be transient to prevent aspiration of air into the vestibule or vagina.

(E) Palpation of Rectum and USG per Rectum: Total reproductive organs should be checked manually by rectal examination i.e. tone of uterus and cervix both. The ovaries and all. Above all should be reconfirmed by ultrasound examination i.e. check fluid/infection in uterus, abnormal, ovary i.e. hemorrhagic ovarian follicle, cyst on ovary or uterus etc.

(F) Estrous detection: Mare should be exposed to a stallion with a good libido to evaluate estrous cycle stage. Adequate time should be taken to allow shy or nervous mares to express behaviour estrous. Mare with a foal, the foal should be restrained.

(G) Vaginal speculum and digital examination of the cervix- This method is sometimes used to evaluate the doubtful case of mare check anatomy of Vagina and external OS of the cervix.After speculum examination the cervix should be examined for potency and presence of abnormalities such as lacerations, adhesions and other cervical detects.

(H) Uterine culture- specially designed double guarded swab sheath is used to take pus culture samples to detect stages of endometritis.

(I) Endometrial biopsy and cytology: small samples of uterine lining for biopsy and collections of cells lining for cytology to detect exact problems of the mare uterus.

(J) Extra Tests: For breeding soundness examination (BSE), the standard of examination procedure may not identify the exact cause of subfertility.

So, there must be extra tests to be done. i.e. Hormone analysis, laparoscopy, ovarian biopsy test breeding with highly fertile stallion, oviduct potency test. Use of semen extenders, low volume lavage to check infections of PH also etc.

FROM PASSION TO PROFESSION

By Kr. Jangjeet Singh Nathawat

Since I learned to walk, my life has centered around animals, especially horses. Born into a family of ardent animal enthusiasts, I was fortunate to be immersed in nature and wildlife. My father, Th. Jaswant Singh Ji Nathawat (IFS), served as a wildlife officer, while my maternal grandfather, Thakur Arjun Singh Ji Umkali, was not only a dedicated animal lover but also a distinguished breeder of Marwari horses. This profound exposure cultivated my passion for equines and embarked me on a lifelong expedition with these magnificent beings.

I began riding at an early age and devoted countless hours at my maternal grandfather's stable, observing and comprehending the behavior of Marwari horses. Their interactions captivated how they communicated through subtle gestures, how the dominant horse upheld order within the herd, and their remarkable intelligence and fidelity.

During my academic years, I had the privilege of leading the Mayo College Polo and Riding Team (1999-2000) and represented the institution in national equestrian competitions, including show jumping and endurance events. My passion and dedication to horses earned me an International Equine Scholarship in 2008, enabling me to study Horse Business Management at Marcus Oldham College, Australia. This invaluable education refined my skills and laid the foundation for turning my passion into a profession.

A CAREER WITH HORSES

With over 22 years of experience in the equine sector, I have worked at leading stud farms such as Nanoli Stud Farm in India, Darley and Coolmore Stud in Australia, and Waikato Stud in New Zealand. Throughout my career, I have specialized in thoroughbred horse breeding, broodmare management, and the management of young stock.

One of the most gratifying aspects of my career has been starting young horses. To date, I have broken over 1,400 horses, including champions such as Zuccreli, Sergeant at Arms, Zachery, Antonious, Phenomenal, Dancing Dynamite, Alicia, Jemari, Christofel, Redefined, and the most recent Horse of the Year (2024-25), DYF. Each horse has been a distinct experience, further enhancing my understanding of equine temperament and training methodologies.

THE MARWARI HORSE A TIMELESS LEGACY

Although my career has been profoundly linked with thoroughbreds, my heart has consistently belonged to Marwari horses. These noble creatures, recognized for their distinctive inward-curving ears and exceptional bravery, have been part of my life since childhood.

When I initially commenced training young Marwari horses, I frequently heard claims that they were aggressive and unpredictable. However, my experience at the Marwar Stud revealed a different narrative. In contrast to other breeds that are often more straightforward to train, Marwari horses exhibit unique personalities; they evaluate their handler before pledging their loyalty. Once a bond of trust is established, their unwavering devotion is remarkable, making them the ideal partner for any true horseman.

The Marwari breed's legacy is infused with bravery. Developed by the Rathore's, the sovereigns of Marwar, these horses were crucial to the Rajput cavalry's triumph, celebrated for their stamina, agility, and fearlessness in combat. Their heritage endures today, as they persist as an emblem of Rajasthan's abundant equestrian culture.

In 2021, I was honored to be appointed Secretary General of the All-India Marwari Horse Society (AIMHS), allowing me to contribute to the preservation and promotion of this rare breed. Under the esteemed guidance of Founder Patron-in-Chief, His Highness Gaj Singh Ji II, Maharaja of Marwar, AIMHS achieved key milestones during my tenure.

We successfully registered 1,700 phenotypically true-to-breed Marwari Marwari Horse Stud Book Registration Society of India (MHSBRSI) and introduced DNA typing for parentage verification in collaboration with the Equine Parentage Validation and Research Lab, RWITC, Pune. A historic breakthrough was also achieved with the resumption of Marwari horse exports after a long hiatus.

To further promote young stock, AIMHS introduced the Foundation Stock category in the Milk Teeth Competition at the All India Marwari Horse Show – Jodhpur 2022, creating a more inclusive evaluation platform.

These achievements reflect the collective dedication and vision of AIMHS in securing the future of the Marwari horse.

THE PROCESS OF TRAINING A YOUNG HORSE

Initiating a young horse is a complex and meticulous endeavor that establishes the groundwork for a well-educated and dependable mount. It is not about crushing their spirit but rather gaining their trust and guiding them through every phase of training with consideration and regard.

ESSENTIAL STEPS IN TRAINING A YOUNG HORSE:

- **Building Trust:** Allocating time with the horse through grooming, handling, and gentle interactions is vital. Creating a robust connection aids the horse in feeling secure and responsive to instruction.
- **Groundwork and Desensitization:** Horses must adjust to human contact, noises, and equipment. Activities like leading, yielding, and lunging assist in establishing control and communication.
- **Acquaintance with Tack and Equipment:** Gradually introducing the horse to a saddle, bridle, and other tack is critical. Ensuring their comfort at every phase prevents resistance and tension later in training.
- **Initial Rides:** The first rides should occur in a controlled setting, often with an experienced handler guiding the horse while the rider mounts. Brief, positive sessions enhance the horse's confidence.
- **Progressive Growth:** Once the horse is at ease under saddle, they should encounter various environments, obstacles, and riding styles to ensure they evolve into adaptable and self-assured mounts.

Each horse is unique, and their training timeline differs. Some adapt to training swiftly, while others need additional time and perseverance. Regardless, the process must consistently prioritize the horse's welfare and mental development.

A LIFELONG DEVOTION

For me, working with horses transcends mere vocation it embodies a lifestyle. The exhilaration of initiating a young horse, the fulfillment of witnessing their growth, and the profound bond cultivated through mutual respect are what sustain my enthusiasm for my work. Whether it involves a thoroughbred destined for the racetrack or a Marwari horse upholding its esteemed heritage, each horse I train carries a fragment of my journey with them.

Through my experiences, I have discovered that horses impart more lessons than we impart to them. They necessitate patience, resilience, and empathy traits that extend beyond the stable into every corner of life. Being with these remarkable beings means my journey is always about learning and growth.

अश्वों की गति, चाल हेषित, आवर्त, आयु

युक्तिकल्पकरु में कहा गया है कि अन्य अच्छे लक्षणों के होते हुए भी यदि अश्व कि गति तीव्र नहीं है तो वे लक्षण व्यर्थ है। महाभारत में अश्वों की गति, विशेषकर रथ में जुते अश्वों की गति का स्थान-स्थान पर वर्णन है। वायु, मन, गरुड़, हंस तथा श्येन कि गति से अश्वों की गति की तुलना कि गई है। महावेगशाली तथा विचित्र गति भी कही गई है।

अश्वों की गतिः वायुवेग

महाभारत में आयु मे समान वेगशाली अश्वों का अनेक प्रसंगों में वर्णन पाया जाता है। गन्धर्वराज चिश्ररथ ने राजसूय यज्ञ प्रसंग पर युधिष्ठिर को चार सौ दिव्य अश्व प्रदान किये थे, जो वायु के समान वेगशाली थे। प्राग्ज्योदिषपुर के अधिपति भगदत्त इस अवसर पर आजानेय अश्व लाये थे, जिनकी गति वायु मे समान वेगवती थी। दुर्योधन वायु के समान वेगवान अश्वों तथा छोटी सेना के साथ द्वारिका गया था। वायु से भी अधिक तेज चलने वाले सिन्धुदेशीय वेगशाली अश्वों से जुते हुए रथ पर पाण्डव आखेट करके आश्रम की ओर गये थे। वायु के समान वेगशाली और एक दिन में सौ योजन दौड़नेवाले अश्वों से जुते रथ ऋतुपर्ण विदर्भनगर पहुंचे थे।

भीष्म-परशुराम युद्ध के समय भीष्म के रथ में वायुवेगी अश्व जुते थे-**हयास्तान् वातरंहसः**। कौरव-पाण्डव युद्ध वर्णन में वायुवेगी अश्वों का यत्र-तत्र वर्णन है। द्रोण मे अश्व वायुवेगी थे। युधिष्ठिर के अश्व वायु के समान वेगवान थे। कर्ण के रथ के उत्तम अश्व वायु के समार वेगशाली थे। **सदश्वैर्वातवेगितैः**। शकुनि के छः भाइयों के अश्वों कि गति वायु के समान थी। इरावान के साथ तित्तर प्रदेश मे वायुतुल्य शीघ्रगामी अश्व थे। सात्यकि मे अश्व वायु गति से आगे बढ़ रहे थे। वायु के समान वेगशाली अश्वों द्वारा पाण्डवपक्ष की सेनाओं ने युधिष्ठिर को घेर रखा था। कौरव-पक्ष के वायु के समान वेगशाली अश्वों ने पाण्डवसेना को व्याकुल कर दिया था। सारथी के मारे जाने पर भीष्म वायु के समान तीव्र गति वे भागने वाले अश्वों द्वारा रणभूमि से बाहर कर दिये गये थे। वायु के समान वेगशाली अश्व इतनी तीव्रातितीव्र गति से रथ को लिये भाग रहे थे कि अर्जुन द्वारा आगे की ओर फेंके गये बाण उसके रथ मे पीछे गिरते थे। श्रुतकर्मा के अश्व वायुवेगी थे।

गन्धर्वराज चित्ररथ द्वारा अर्जुन को दिये गये दिव्य एवं उत्तम रथ में जुते अश्वों की पृथ्वी, आकाश तथा स्वर्ग आदि किसी भी स्थान में पूर्ण गति क्षीण या अवरूद्ध नहीं होती थी। जैसे वायु की प्रेरणा से बादल उड़ते-फिरते हैं, वैसे ही श्रीकृष्ण द्वारा हॉके जाते हुए अश्व रणभूमि में अर्जुन के रथ को ढोते थे। श्वेत अश्वों द्वारा खींचा जाता हुआ अर्जुन -रथ को ढोते थे । श्वेत अश्वों द्वारा खींचा जाता हुआ **अर्जुन का रथ आकाश में उड़ने वाले** विमान के समान शोभा पा रहा था। अर्जुन-रथ वायु संचालित मेघ मे समान था। श्रीकृष्ण द्वारा हॉके गये अर्जुन-रथ के अश्व अश्वत्थामा मे रथ की ओर इस प्रकार दौड़े मानो आकाश को पीते जा रहे हों। ती वर्ष की अवस्था वाले उत्तम जाति के बलवान् अश्वों द्वारा अभिमन्यु मानो **आकाश में तैरता** हुआ आक्रमण करता था। कौरव-पक्ष के आठ महारथी अश्वों द्वारा **आकाश को पीते हुए** दिख रहे थे।

शाल्व-श्रीकृष्ण युद्ध प्रसंग में वर्णन है कि प्रद्युम्न के रथ के अश्व ऐसे चलते थे मानो आकाश में उड़े जा रहे हों । अयोध्यानरेश ऋतुपर्ण की विदर्भनगर यात्रा के सन्दर्भ में सारथी बाहुक (छद्मवेशी नलराजा) के हस्तलाघव का वर्णन करते हुए लिखा गया है कि उसने अत्यन्त वेग का आश्रय ले अश्वों को हॉका। उसके द्वारा विधिपूर्वक हॉके जाते हुए वे उत्तम अश्व इतने तीव्र वेग से चले मानो आकाश में उड़ रहे हों। बृहन्नला (छद्मवेशी अर्जुन) ने विराटपुत्र उत्तर के उत्तम जाति मे अश्वों को हॉका और उनकी बाग ढीली कर दी। अश्व वायु वेग से चले मानो आकाश में अपनी टाप उड़ाते हुए रथ को लिये उड़े जा रहे हों।

मन के समान गति

मन की गति अति तीव्र कही गई है। महाभारत में अश्वों की गति की तुलना मन से की गई है। कर्णपर्व में युधिष्ठिर के श्वेत अश्वों की गति मन के समान कही गई हैं - **श्वेतवर्णैहयैर्युक्तं कालबालैर्मनोजवैः।** दांतो के समान श्वेत वर्ण वाले, मन के समान तीव्र गति से चलने वाले युधिष्ठिर के उत्तम अश्वों को राधापुत्र कर्ण ने मार डाला था।

दन्तवर्णास्तु राधेयो निजधान मनोजवान्
युधिष्ठिरस्य संग्रामे कालबालान् हयोत्तमान्।।

युधिष्ठिर ने मन के तुल्य वेगशाली अश्वों को स्वयं हॉकते हुए मद्रराज शल्य पर आक्रमण किया था। युधिष्ठिर के रथ के अश्वों की गति मन के समान तीव्र थी। प्रतिविन्ध्य के रथ मे अश्व मन के समान वेगवान थें अर्जुन-रथ के अश्वों की गति की तुलना मन की गति से की गई है। **वाजिनश्च मनोजवाः।** इरावान के अश्व मन के समान वेगशाली थे। मन के समान वेगवाले अश्वों के आकाश को पीते हुए सात्यकि को यवनों के पास पहुंचाया था। युयुत्सु मन के समान वेगशाली अश्वों से जुते हुए रथ पर आरूढ़ हो युधिष्ठिर के पीछे चले थे। एकपाददेशीय राजाओं के अश्वों की गति मन के समान थी। दुष्कर्ण के अश्वों की गति मन तथा वायु के समान कही गई है। सारथी मातलि ने समन तथा वायु के समान वेगशाली अश्वों को आगे बढ़ाया था। इल्वल ने अगस्त्य मुनि को रथ प्रदान किया था, उसमें विराव और सुराव नामक दो अश्व जुते थे, उनकी गति मन के समान तीव्र थी।

पक्षियों के समान गति

अश्वों की गति की तुलना पक्षियों की गति से की गई हैं बाहुक द्वारा हॉके गये उत्तम अश्व पक्षियों की भॉति बार-बार उड़ते हुए से प्रतीत होते थे। जैसे पक्षी आकाश में उड़ते है, उसी प्रकार बाहुक बड़े वेग से शीघ्रतापूर्वक कितनी ही नदियों, पर्वतों, वनों और सरोवरों को लांघता हुबा आगे बढ़ रहा था। महाभारत कें हंस, गरूड़ तथा श्येन पक्षी की गति के समान अश्वों की गति कही गई है। जैसे हिमालय के शिखर की चौरस भूमि पर रहने वाले हंस नीचे पृथ्वी पर जल पीने के लिये तीव्र गति से उड़ते हुए जाते हैं, उसी प्रकार चामरशोभित अश्व रणभूमि में सब ओर वेग से दौड़ रहे थें इरावान के अश्व महासागर में उड़ने वाले हंसों के समान उछ्ले और कौरवपक्ष के अश्वों के समुदाय में पहुॅचकर एक दूसरे के पक्ष से वक्ष तथा नासिका से नासिका पर चोट करने लगे थे। वे अश्वों के समुदाय परस्पर टकराकर जब गिरते थे, उस समय गरूड़ के वेगपूर्वक उतरने के समान भयंकर शब्द सुनाई देता था। कौरव-पक्ष के वेगशाली अश्वों ने पाण्डव सेना को उसी प्रकार क्षुब्ध कर दिया, जैसे महान् वेग से उड़ने वाले हंस किसी जलाशय में पड़कर उसे मथ डालते हैं।

गरूड़ की गति तीव्र गति होती है। अर्जुन-रथ के अश्व के अश्व गरूड़ के समान वेगशाली थे। कर्ण के विशालकाय, महान वेगशाली, दर्शनीय तथा आकाश में गरूड़ के समान उड़नेवाले अश्व कहे गये हैं। रणभूमि में पाण्डवों की प्रगति को रोकने के लिये दुर्योधन ने शकुनि की सहायता के लिये दस हजार अश्वारोही सैनिक भेजे थे। उनकी गति गरूड़ के समान थी। गरूड़ के समान वेगशाली अश्वों द्वारा श्रीकृष्ण अर्जुन को युधिष्ठिर के पास ले गये थे। अश्मकपुत्र ने गरूड़ और वायु से समान वेगवान अश्वों द्वारा शीघ्रता से आकर अभिमन्यु को रोका था। बाणशैयया पर लेटे हुए भीष्म से मिलकर श्रीकृष्ण तथा पाण्डव लौट रहे थे। उनके रथ के अश्वों की गति गरूड़ के समान थी। **हयैः सुपर्णैरिव चाशुगामिभिः।** सुदामा के अश्वों की गति श्येनपक्षी के समान थी।

महावेगशाली अश्व

युधिष्ठिर का सारथी (दूत) श्रीकृष्ण के पास यज्ञ का आमन्त्रण देने शीघ्रगामी रथ द्वारा द्वारिका पहुॅचा था। श्रीकृष्ण इन्द्रसेन के साथ इन्द्रप्रस्थ आए। उनके रथ में वेगशाली-क्षिप्रवाहन-अश्व थे। एकपाददेशीय राजाओं ने राजसूय यज्ञ प्रसंग पर युधिष्ठिर को महावेगशाली अश्व भेंट में दिये थे। सेनापति शल्य ने अपने सारथी से कहा था कि मेरे महावेगशाली अश्वों को शीघ्रतापूर्वक आगे बढ़ाओ। संग्रामभूमि में कितने ही अश्वारोही शीघ्रगामी अश्वों द्वारा बड़े-बड़े रथों पर कूद पड़ते थे और रथियों के मस्तक काट लेते थे। अर्जुन के अश्व शीघ्रगामी थे, इयलिये थोड़ा -सा भी स्थान मिल जाने पर अर्जुन विपक्षी सेना में तत्काल घुस जाते थे। कौरवों की रक्षा के लिये पाण्डव गन्धर्वो से युद्ध कर रहे थे, उनके रथों में शीघ्रगामी अश्व जुते थे। श्रीकृष्ण के रथ के चारों अश्व सुग्रीव, मेघपुष्प, शैब्य और बलाहक महावेगवान् थे। महाभारत में उत्तर गोहरण प्रसंग में विराटपुत्र उत्तर के अश्वों की तुलना श्रीकृष्ण के उक्त अश्वों से की गई है। अर्जुन से उत्तर का कथन था कि इस रथ में जो अश्व दाहिनी धुरी में जोता गया है तथा जिसके जाते समय लोग यह नहीं जानते कि उसने कब और कहॉ पृथ्वी पर पैर रखा या उठाया है, वह अश्व श्रीकृष्ण के चार अश्वों में से सुग्रीव के समान है। भार ढोने वालों में श्रेष्ठ सुन्दर अश्व जो बायीं धुरी का भार वहन करता है, उसे वेग में मेघपुष्प नामक अश्व के समान जानो। जो बयीं ओर पिछ्ला जुआ ढो रहा है वह वेग में शैब्य नामक अश्व मे समान अत्यन्त बलवान् है। जो दाहिने भाग का पिछ्ला जुआ धारण कर रहा है, वह वेग बलाहक अश्व से भी अधिक समझा गया है।

अश्वों की चाल

नीतिवाक्यामृत में अश्वों की चाल के विषय में लिखा है कि (आगे) जाना, (पीछे) हटना, आक्रमण करना और शत्रु सेना का भंग करना –ये कार्य एकमात्र अश्वों के द्वारा की सम्पन्न किये जा सकते हैं – **सरणम् अपसरणम् अवस्कदः परानीकभेदनं चेत्येतत् तुरंगमैकसाध्यम्।** अश्वारोहण् करने वाले को अश्वों की चाल के सम्बन्ध में शिक्षा दी जाती थी। कौरव–पाण्डवों की अश्व तथा रथ–संचालन की शिक्षा का रंगभूमि में प्रदर्शन किया गया था। उन्होंने रथ संचालन के विविध मार्गोश शीघ्र ले जाना, लौटा लाना, दायें, बायें और मण्डलाकार चलाना आदि का प्रदर्शन किया था।

निवातकवचों के साथ युद्ध मे अर्जुन इन्द्र के रथ पर आरूढ़ थे। इन्द्र का सारथी मातलि उस रथ को हॉक रहा था। मातलि के हॉके जाने पर शीघ्रगामी अश्वों की चाल इतनी तीव्र हो गई थी कि अर्जुन को उस समय कुछ भी दिखाई नहीं देता था। मातलि से प्रेरित होकर अश्व नाना प्रकार की चालें दिखाते हुए वायुवेग से चल रहे थे। आकाश में मण्डलाकार चाल से चक्कर लगाते हुए रथ पर अर्जुन स्थिरतापूर्वक बैठे थे। शाल्व – श्रीकृष्ण युद्ध के अवसर पर प्रद्युम्न के सारथी दारुकपुत्र ने समान–समान और वाम–दक्षिण आदि सब प्रकार की विचित्र मण्डलाकार गति से रथ का संचालन किया था। दारुकपुत्र के हस्तलाघव को समझकर वे अश्व प्रज्ज्वलित अग्नि की भांति दमकते हुए इस प्रकार जा रहे थे मानो अपने पैरों से पृथ्वी को स्पर्श भी न कर रहे हों। उसने अनायास ही शाल्व की सेना को अपसव्य करते हुए ही रथ को आगे बढ़ाया था।

विराटपुत्र उत्तर अश्व–संचालन की कला में निपुण था। उसने अश्वों को वेगपूर्वक दौड़ाने के जितने उत्तम ढंग हैं, क्रमशः उन सबका सहारा लेकर अर्जुन–रथ के अश्वों को तीव्र गति से दौड़ाया था। अश्वविधा में प्रवीण उत्तर पहले कौरव सेना के समीप जाकर उन वेगशाली अश्वों को पुनः लौटाया और दायीं ओर घुमाकर बायीं ओर बढ़ा दिया– **प्रदक्षिणमुपावृत्य मण्डल सव्यमेव च।** विराटपुत्र ने रथ की चाल से कौरवों को भ्रम में डाल दिया। वे यह न जान सके कि रथ किस महारथी के पास जाना चाहता है। अर्जुन पर कौरव बाण वर्षा पर रहे थे। उत्तर ने अश्वों को दायीं ओर से घुमाकर यमकमण्डल से रथ का संचालन करते हुए उन सब योद्धाओं की बाणवर्षा को रोक दिया था।

भीष्म तथा अर्जुन के बीच चल रहे युद्ध में श्रीकृष्ण ने अश्व–संचालन की कला में अपने उत्तम बल का परिचय दिया था। वे भीष्म के बाणों को व्यर्थ करते हुए अति लाधव से रथ को मण्डलाकार घुमाने लगे थे। संशषकों के साथ अर्जुन के युद्ध का वर्णन करते हुए महाभारतकार ने लिखा है कि देवासुर संग्राम में जिस प्रकार इन्द्र का रथ चलता था, उसी प्रकार अर्जुन का रथ भी कभी आगे बढ़कर और कभी पीछे हटकर मण्डलाकार गति से धूमने लगा था। कौरव सेना के मध्य श्रीकृष्ण उत्तम, मध्यम तथा अधम तीनों प्रकार के मण्डल दिखाते हुए अपने रथकौशल का प्रदर्शन कर रहै थे। अजुन–रथ के अश्व शत्रुओं द्वारा क्षत–विक्षत किये जाने पर मण्डलाकार गति से विचरण कर रहे थे। द्रोणाचार्य और अर्जुन सेना के मध्य में विचित्र पैंतरे प्रकट करते हुए एक–दूसरे को दाएं कर देने की चेष्टा कर रहे थे।

कर्ण के साथ युद्ध करते हुए सात्यकि का रथ नष्ट हो जाने पर श्रीकृष्ण का सारथी दारूक श्रीकृष्ण का रथ ले आया था। सात्यकि उस रथ पर आरूढ़ हुए। दारूक के रथ–संचालन की गमनए प्रत्यागमन, आवर्तन, मण्डल तथा संनिवर्तन आदि विविध रीतियों से कुरुक्षेत्र के सभी योद्धा विस्मित हो गये थे।

गतप्रत्यागतावृत्तैर्मण्डलैः संनिवर्तनैः।
सारथेस्तु रथस्थस्य काश्यपेयस्य विस्मिताः।

अश्वत्थामा ने भीमसेन को अपने दाहिने भाग में कर लिया था। भीमसेन ने गत–प्रत्यागत आदि भार्गो (विभिन्न पैंतरों) से अश्वत्थामा को दाहिने करके बदला चुका लिया था। उन दोनों में मण्डलाकार धूम कर भांति–भांति के पैंतरे दिखाते हुए भयंकर युद्ध होने लगा था। रथशिक्षा–विशारद दुःशासन और अभिमन्यु अपने रथों द्वारा मण्डलाकार गति से विचरते हुए युद्ध कर रहे थे। सिन्धुदेशीय विशाल, नाना प्रकार की चाल वाले अश्व जयद्रथ के रथ को वहन कर रहे थे।

अश्वों की टाप: ध्वनि

अश्वों की टाप को खुरशब्द कहा गया है- **खुरशब्देन चाश्वानां।** शकुनि की एक लाख अश्वारोही सेना तथा दुर्योधन द्वारा भेजी गई कुमक के दस हजार अश्वारोहियों के अश्वों की टाप से आहत होकर पृथ्वी कांपने लगी थी। अश्वों की टापों का महान् शब्द सब ओर उसी प्रकार सुनाई देने लगाश मानो पर्वत पर जलते हु बड़े-बड़े बांसो के जंगल में उनके पोरों के फटने का शब्द हो रहा हो। वहाँ अश्वों के उछलने-कूदने से जो बड़े जोर की धूलि ऊपर का उठी, उसने मानो सूर्य के रथ के समीप पहुँचकर उन्हें आच्छादित कर दिया। इससे पाण्डव सेना क्षुब्ध हो गई थी। युद्धक्षेत्र में अश्वों की टापों के शब्द, रथों के पहियों की घर्घराहट आदि से पृथ्वी गूँजती-सी प्रतीत होती थी।

अर्जुन के रथ का घर्घरघोष इन्द्र के वज्र की गड़गड़ाहट तथा मेघसमूहों की गर्जना से समान प्रतीत होता था। भीष्म से कर्ण ने कहा था कि अर्जुन के उड़ते हुए रथ की घर्घराहट का आपके अतिक्ति दूसरे राजा नहीं सह सकेंगे। अर्जुन-रथ की घर्घराहट चराचर भूतोंसहित समस्त त्रिलोकी को प्रतिध्वनित कर रही थी। कर्ण की यह गर्वोक्ति थी कि मेरे अश्वों का वेग ही पुरवैया हवा का काम करेगा। रथसमूह की घर्घराहट की बादलों की गम्भीर गर्जना होगी। समरभूमि में सोने की बागडोर में बंधे हुए अश्व अपनी गर्दन पर रथ के जूए लिये अपनी टापों से समतल भूमि को भी विषम बना रहे थे।

श्रीकृष्ण के सोदर्यवान रथ की घर्घराहट मेघ की गम्भीर गर्जना के समान थी- मेघनिर्घोशनादेन। धृष्टद्युम्न के दिव्य और उत्तम अश्वों से जुते रथ की घर्घराहट महामेघ के समान थी-**गर्जन्नव महामेघो रथघोषेण वीर्यवान्**। राजा नल जब अश्वों की बागडोर संभालते थे तब उनके रथ की गम्भीर ध्वनी प्रकट होती थी। बाहुक द्वारा संचालित रथ द्वारा ऋतुपर्ण ने रथ की घर्घराहट द्वारा सम्पूर्ण दिशा-विदिशाओं को प्रतिध्वनित करते हुए कुण्डिनपुर में प्रवेश किया था।

हेषित : हिनहिनाहट

अश्वशास्त्रम् के अनुसार प्राणवायु के नाभि प्रदेश से उर्ध्व भाग में संचरण के समय कण्ठ एवं सिर में आघात से जो शब्द होता है उसे हेषित, हिनहिनाना कहते हैं। महाभारत में अश्वों के हिनहिनाने का स्थान-स्थान पर वर्णन है- **वाजिनां व महास्वन:।** द्रोणपर्व में कहा गया है-**तुरंगाणां च ह्येषिते**। अन्यत्र लिखा है- हयह्येषितशब्दाश्च। युद्धक्षेत्र में कौरव-पाण्डव दोनों पक्षों के हजारों अश्व हिनहिना रहे थे। हिनहिनाते अश्वों तथा चिंघाड़ते गजराजों आदि से वहां भयंकर कोलाहल छा गया था। योद्धाओं के गर्जन और अश्वों के हिनहिनाने से एक ही क्षण मे पृथ्वी तथा आकाश का सारा प्रदेश गूंज उठा था-हयानां **ह्येषमाणानाम्**। अश्वों के हिनहिनाने की ध्वनि में दबकर दूसरा कोई शब्द सुनाई नहीं पड़ता था। अश्वों के हिनहिनाने से भंयकर शब्द प्रकट होने लगे थे। कर्ण तथा अर्जुन के द्वैरथ युद्ध में एक के अश्व दूसरे के अश्वों को देखकर परस्पर स्पर्धा रखते हुए हिनहिना रहे थे। घटोत्कच के रथ के अश्व युद्धक्षेत्र में हिनहिना रहे थे। उत्तर-गोहरण प्रसंग में कर्ण ने दुर्योधन से कहा था कि द्रोणाचार्य अर्जुन के अश्वों की हिनहिनाहट से घबरा उठेंगे, उन्हें सेना के पृष्ठभाग में रखना। दुर्योधन ने कण्र से कहा था कि अश्व अपने स्थान पर हो अथवा यात्रा करते हों, वे सदा हिनहिनाते रहते हैं। दुष्यन्त चतुरंगिणी सेना के साथ आखेट पर गये थे। रथ के पहियों की घर्घराहट तथा अश्वों की हिनहिनाहट से चारों ओर कोलाहल मच गया था।

आवर्त

अश्व मे शरीर के विभिन्न अंगों पर रोम बने चिह्न आवर्त कहे गये हैं। शुक्रनीति के अनुसार आवर्त (भौंरी), शंख, चक्र, पद्म, वेदी तथा स्वस्तिक के चिह्न अथवा प्रसाद, तोरण, धनुष या पूर्णकलश के आकार मे होते हैं। शुक्रनीति में आवर्त के आधार पर अश्वों के उत्तम, मध्यम प्रकार बतलाये गये हैं। अश्वशास्त्रम् में कहा गया है कि जिन अश्वों के शरीर पर प्रासाद, कमल, चक्र, तोरण, धनुष खडग, शंख, वेदी, स्वस्तिक, मत्स्य, पूर्णकलश, श्रीवृक्ष, माला, सूर्य, अष्टापद (शरभ, आठ पैरों वाला सिंह से भी अधिक शक्तिशाली प्राणी), वज्र, हल, गदा, चक्र अथवा यूप के आकार के आवर्त होते हैं, वे अश्व सदैव युद्ध में स्वामी के रक्षक व उत्कृष्ट अश्व होते हैं। महाभारत में आवर्त के इन प्रकारों का वर्णन नहीं है।

ध्रुवावर्त (स्थायी आवर्त)

वराहमिहिर की बृहत्संहिता, अश्वशास्त्रम्, अग्निपुराण में दस ध्रुव आवर्त कहे गये हैं। प्रपान (थूथन) में एक, ललाट में एक, रंध्र (कुक्षि का अधोभाग) में दो, उपरन्ध्र (कुक्षि का अधोभाग) में दो, मस्तक में दो तथा वक्ष में दो आवर्त, ये दस ध्रुव आवर्त बताये गये है।

तेषां प्रपान एको ललाटकेशेषु च ध्रवावर्त:।
रन्ध्रोपरन्ध्रमूर्धनि वक्षासि चेति द्वौ द्वौ।।

अश्वशास्त्रम् में भी ये दस ध्रुव आवर्त कहे गये हैं-

उरसि शिरसि च द्वौ द्वौ द्वौ द्वौ रन्ध्रोपरन्ध्रयो:।
एकं ललाटमध्ये विधादेकं प्रपाने तु।।

अग्निपुराण में रन्ध्र, उपरन्ध्र, मस्तक तथा वक्षःस्थल पर दो-दो और ललाट तथा कण्ठ पर स्थित रहनेवाले दस आवर्त शुभ कहे गये हैं महाभारत से ज्ञात होता है कि अयोध्यानरेश ऋतुपर्ण के सारथी बाहुक ने तेज तथा बल से युक्त, वायुवेगी सिन्धुदेशीय अश्व ऋतुपर्ण मे रथ में जोतने के लिये चुने जो दस आवर्त चिह्नों से युक्त होने पर निर्दोष थे- **शुद्धान् दशभिरावर्तः सिन्धुजान् वातरंहसः।** महाभारत में अन्यत्र बारह आवर्तो का प्रशस्त माना गया हैं। ऋतुपर्ण तथा बाहुक के मध्य संवाद में बाहुक ने कहा था कि ललाट में एक, मस्तक में दो, पार्श्व भाग में दो, उप-पार्श्वभाग में भी दो, वक्ष में दोनों ओर दो-दो और पीठ में एक, इस प्रकार कुल बारह आवर्तो को पहचानकर अश्वों को रथ में जोता जाना चाहिये-

एको ललाटे द्वौ मूर्ध्नि द्वौ द्वौ पाशर्वोपपार्श्वयो:।
द्वौ द्वौ वक्षसि विज्ञेयो प्रयाणो चैक एव तु।।

बृहत्संहिता, अग्निपुराण, अश्वशास्त्रम् था महाभारत में दस आवर्त प्रशस्त माने गये हैं। सभी ग्रन्थों में आवर्त का स्थान समान है। महाभारत में अश्व के वक्ष के दोनों ओर दो-दो आवर्त कहे गये हैं। इस कारण यह संख्या बारह है। उक्त अन्य ग्रन्थों में अश्व के वक्ष में दोनों ओर एक-एक आवर्त कहे गये हैं।

आयु

अश्वशास्त्रम्, बृहत्संहिता, शुक्रनीति आदि ग्रन्थों में अश्वों के दाँत निकलने और दाँतों के वर्ण (रंग) के आधार पर उनकी आयु निर्धारण के सूत्र दिये गये हैं। अश्व की परमायु बत्तीस से चौतीस वर्ष मानी गयी है। महाभारत में अश्व की आयु निर्धारण के सूत्र उपलब्ध नहीं है।, किन्तु अभिमन्यु के अश्वों की आयु तीन वर्ष की कही गई है। शकुनि के शूरवीर भाई युद्ध के मुहाने पर आये थे। वे बल सम्पन्न, वेगशाली नयी अवस्था वाले उत्तम अश्वों पर आरूढ़ थे। कंस की सेना में किशोर अवस्था के अश्वों का एक दल था, उसकी संख्या सोलह हजार थी। इन अश्वों के आरोही भी बहुत अच्छे थे। इस अश्वसेना को कोई भी बलपूर्वक दबा नहीं सकता था। कंस का भाई सुनामा इन सबका सरदार था। युधिष्ठिर के राजसूय यज्ञ प्रसंग पर राजा वसुदान ने वेग और शक्तिसम्पन्न दो हजार युवा अश्व प्रदान किये थे।

अश्वपालन की परम्परा

अश्वों का इतिहास

अश्वों का इतिहास लिखने के पूर्व मैं उन घोड़ो की जय-जयकार करती हूँ, जिनके नाम इस प्रकार हैं-रैवत सूय का घोड़ा, रामदेवजी महाराज का घोड़ा, पाबूजी, गोगाजी तथा तेजाजी का घोड़ा इन्यादि। इन सब घोड़ों का देवता-स्वरूप माना गया है। उच्चैःश्रवाः अश्व समुंद्र-मंथन से निकला हुआ देवताओं का घोड़ा था। चेतक नामक घोड़ा महाराणा प्रताप का घोड़ा था। अमरसिंहजी राठौड़ के घोड़े ने अपने मालिक की रक्षा आगरे के लाल किले की चौड़ी और ऊँची खाई के ऊपर के कूदकर अपने प्राण न्यौछावर कर दिये थे, जिसके कारण उसकी मूर्ति भी स्थापित की गई है। झांसी की महारानी लक्ष्मी बाई के घोड़े ने पवनवेग से दोड़कर युद्ध में तोपों को चीरते हुए दुश्मनों की गर्दन उड़वाई थी। छत्रपति शिवाजी महाराज ने घोड़े की पीठ पर बैठकर कोई युद्ध नहीं हारा था। राव जोधाजी का घोड़ा भी बेमिसाल था। अर्जुन के रथ के घोड़ो को श्रीकृष्ण भगवान ने हांका और महाभारत का युद्ध जीता। विश्व-विजेता नेपोलियन के घोड़े ने अपनी पीठ पर अपने मालिक को सुलाया और उसे युद्ध जितायां। इस प्रकार सभी स्वनामधन्य घोड़े देवताओं से लेकर मानव-जाति के साथ बहादुरी के साथ युद्ध में सहयोग देते रहे हैं। वे हजारों-करोड़ों वर्षो से सवारी, खेल तथा बोझा ढोने के काम में भी मानव-जाति के अभिन्न अंग रहे हैं। अपनी सुन्दर बनावट, सुदृढ़ शरीर के साथ-साथ वे स्वामिभक्ति के लिए भी पूजनीय ओर प्रशंसनीय माने जाते हैं ओर आज भी वे अपनी पुरातन परम्परा का निभा रहे हैं

मानव-जाति के इतिहास में घोड़े खेलकूद तथा युद्ध में मैदान में, अपने मालिक की यात्रा के समय में, मनोरंजन के क्षेत्र में, शादि की बारात में सदैव से ही उसके सहायक रहे हैं। मंगोल देश में घोड़ा आज भी महत्वपूर्ण स्थान रखता हैं। वहाँ लोग घोड़ी का दूध और दही पीते-खाते हैं और उसे सवारी के काम में भी लेते हैं और उससे दौड़ भी करवाते हैं। इतिहास में चंगेज खां एक बहादुर योद्धा हुआ। उसने अपना जीवन घोड़े की पीठ पर ही बीताया था। आस्ट्रेलिया में अश्व को मरने के बाद भोजन के काम में लिया जाता हैं। घोड़े की तारिफ के लिए मेरे पास लिखने के लिए शब्द कम पड़ रहे हैं। मेरे स्वअर्जित ज्ञान के अनुसार ही मैं उसे लिख पा रही हूँ। वीरभूमि राजस्थान के कण-कण और गली-गली में वीरों के साथ घोड़े शहीद हुए।

विश्व-महायुद्ध में जोधपुर लांसर बीकानेर का घोड़ा रसाला, विजय बैट्री और जयपुर 61 केवेलरी भारत वर्ष से युद्ध के लिए भेजी गई थी जो विजयश्री प्राप्त करके लौटी। यानि सृष्टि जब से बनी और बसी है तब से आज तक यधिपि कहने के लिए तो घोड़ा एक जानवर हैं, पर मानवजाति से उसका धनिष्ठ सम्बन्ध बना हुआ है। इससे सही साबित होता है कि जब से सृष्टि बसी है, तब से जितने भी योद्धा हुए हैं, उन्हें घोड़ो से अलग नहीं किया जा सकता। उनके बिना मनुष्य के सभी कार्य अधूरे से लगने लगते हैं। प्राचीन काल में घोड़ो के बिना युद्धाओं को विजयश्री प्राप्त ही नहीं हो सकती थी। महाराज श्री रतनसिंहजी पिंग स्कोर्टिंग में अव्वल नम्बर के खिलाड़ी थे। वे घोड़ो पर सवार होकर तथा वलभ (भाला) हाथ में लेकर सूअर के पीछे एक विशेष प्रकार का घोड़ा दौड़ा कर भाले से उसका शिकार करते थे। हमारे यहाँ ऐसा करना राजशाही क्रीड़ा का एक हिस्सा माना जाता था।

अश्व (घोड़ो) की उत्पति की कहानी भी अत्यंत रोचक और रहस्यमयी है। हमारे युगों-युगों से प्रसिद्ध तथा पुराने शालिहोत्र ग्रंथ में लिखा गया है कि प्राचीन काल में एक बहुत बड़े ऋषि हुए हैं जिनका नाम अश्रु ऋषि था। उन्होंने बहुत बड़ा यज्ञ किया था। उस यज्ञ के धूएँ से उनकी आँखो में अश्रु आ गये। उन अश्रुओं से पंख वाले अश्व उत्पन्न हुए जो बड़े भारी ताकतवर थे। वे आकाश में अपने पंखो से बड़े वेग से उड़कर विचरण से बाधा पड़ने लगी तो उसने दुखी होकर अश्रु ऋषि से प्रार्थना की। तब देवताओं की प्रार्थना से प्रसन्न होकर उन्होंने एक ऐसा मंत्र रचा जिसके प्रभाव से अश्वों के पंख झड़ गये । आहत और भयभीत घोड़ो ने भी ऋषि महाराज से यह प्रार्थना की कि हे महाराज आपने यह क्या कर दिया? पंखो के बगैर तो हम बहुत दुखी हो गये हैं। तब उन्होंने वरदान दिया कि मनुष्यों और देवताओं के जीवन में तुम्हारा महत्व सदैव बना रहेगा। जिसके घर में अश्व होगा, वह कभी भूखा नहीं रहेगा। उसके पास लक्ष्मी हमेशा विराजमान रहेगी। उसका घर राजपुत्रों तथा धन्धान्य से सम्पन्न रहेगी। इसकी पुष्टि इस तथ्य से की जा सकती है कि पुराने अवशेषों व पत्थरों के भित्तिचित्रों में पंख वाले अश्व अंकित किये गये है। हमारे धर्मग्रन्थों में भी उड़ने वाले अश्वों के अनेक संदर्भ मिलते हैं।
